

## Statement Regarding - Gender Inquiries:

Kaysville Parks and Recreation does not require any official documents (e.g., birth certificates, driver's licenses) to register for any of our sports or activities. When a parent, guardian, or team manager registers a player/participant, the registrar enters the player/participant's age, gender, and any other required information. Kaysville Parks and Recreation employees compose teams, classes, and leagues based on given information.

Kaysville Parks and Recreation will not inquire about a player's age, gender, or any other registration information based on concerns from other participants or spectators. Kaysville Parks and Recreation will not confront a parent or player regarding any of these types of questions.

Programs are offered to allow citizens an opportunity to exercise and enjoy recreational activities and seek to help as many people as possible experience those benefits. Competition, while healthy, is a peripheral consequence of our recreational programming. The primary goal is to provide an opportunity for wholesome recreation and exercise.
