

MCAA Basketball Family

The Mill Creek Athletic Association is proud to announce that starting in the Winter 2014-2015, MCAA Basketball will be administering the Gwinnett Basketball League (GBL) affiliated program within the Mill Creek Cluster. GBL is a competitive travel basketball league with a mission and purpose "to develop a highly competitive youth basketball program designed specifically to enhance the skills of the most serious minded basketball players". The GBL has existed since 2001 to develop teams with players from the same Gwinnett Public School Clusters, thus developing a program of feeder systems for the High Schools in Gwinnett County. A major emphasis is to provide the opportunity for the youth to have fun and enjoy basketball while learning proper sports skills and techniques in an atmosphere where good sportsmanship, ethics and competitiveness are stressed.

Our local GBL-affiliated - formerly known as "Hawks Hoops" program has been run independently over the last 10-15 years with no ties to MCAA. This has been a successful program over the past years and we look to continue this success with enhancements and resources of an association as MCAA. This program supports girls and boys teams in the 5th, 6th and 7th grades. MCAA's plan is to continue to support a boys and girls team in each of these grades.

Though MCAA will administer the local affiliate (Mill Creek Hawks Hoops) to this program, GBL is run totally independent of MCAA. Please access the following link for more information about GBL (structure, rules, FAQs, etc.). www.gwinnettbasketball.org

MCAA Basketball will continue to support the Mill Creek Community as we have over the past 10+ years in providing a competitive recreation basketball experience to over 1800 youth annually and this will not change or be negatively impacted by the Mill Creek Hawks Hoops GBL-affiliate. However, the overall basketball experience will be enhanced significantly by providing an opportunity for those who desire to take the next step toward a competitive travel basketball environment.

You will be receiving additional information about tryouts, coaching opportunities, schedules, fees, etc., in the very near future. We are also in the process of updating our existing website www.millcreekaa.net with information pertaining to this exciting announcement. Our current plan is to have coaching selections made for the six (6) teams by early summer (May-June) and team tryouts by mid August.

Please stay tuned for more to come!
