Dear Coaches,

The SCGSA Board would like to reach out to area coaches about our 2016 Grand Slam Summer League. Why the Grand Slam League? As most coaches know, a great time to help develop players is during the offseason and the Grand Slam League offers just that. We know that things can be hectic during the summer, but our league offers coaches and players a chance to not miss a beat once their school season has ended. The league starts June 1st and doesn't interfere with KSHSAA rules on player limitations from the same school since it starts after Memorial Day.

Afraid your players might be getting burned out from softball after a grueling school season? No problem. The Grand Slam League offers 8 games played in a double-header format, just like the high school season. The league runs until the end of June, giving players a chance to improve their skills while also allowing them to still have softball-free summer nights. The league takes place during the week, not interfering with weekend tournaments and their traveling teams.

The league is perfect for teams with young talent looking to get better. The league has an age range of 13-18 years old, giving young girls a glimpse of what high school softball will be like. It also allows high school coaches the chance to coach future players, giving young players early exposure to what their high school career will be like.

We recommend you take full advantage of the Grand Slam League. For only \$700/team, the Grand Slam League is a low cost option providing girls a chance to enhance their skills during the week. We want to provide a serious, competitive league that girls can look forward to participating in. Please look over the attached flyer and if you have any questions about the league, feel free to contact Jessica Rakestraw at Jessica.Rakestraw@snco.us or 785-251-2982. You can also check out the SCGSA page at www.Quickscores.com/snco.

Sincerely,

SCGSA Board
