GAME FORMAT

1. Game Time and Innings: (a) Game time is forfeit time! Any team unable to take the field at the scheduled time will forfeit the game. Official time is kept by the Umpire and begins when the teams are instructed to take the field. The Umpire and Supervisor jointly make the decisions affecting the game time. Legitimate additions include: rain delays, serious injuries, unexpected field maintenance, etc. Games consist of 5 innings with no new inning beginning after 60 minutes, except for the championship game which will have no time limit.

(b) A game is considered complete after 3 innings. Games called after 3 complete innings will stand.

2. Line-ups: A complete team consists of five 5 players, however, teams may have 7 on their lineup. Under no circumstances may a team begin or continue play without the required 5 players regardless of the situation. The game is terminated at the point where a team drops below 5 players and results in an automatic loss to that team, regardless of the score. If a team doesn't have 5 players present to play at game time, they may still play but they will receive a forfeit and 0 points. All starting line-ups must be submitted to the Umpire at least 10 minutes prior to the game time. Lineups need to have names and jersey/shirt numbers of the players and substitutes. Only one representative per team, the Team Manager, is allowed upstairs in the Scorekeepers Building. No other team members will be permitted upstairs, unless they are being added to or need to sign a team's roster. If a player must leave the game due to injury or an emergency situation, and there is no substitute, that player's position in the batting order is dropped. If a player leaves the game due to ejection, and there is no substitute the game is forfeited.

3. Intentional Game Delay: Game Umpires will not tolerate undue delays in an effort to prolong the game to reach the time limit. If in the opinion of the game Officials, a team is making a travesty of the game such game will be terminated and forfeited accordingly.

4. Dugouts: The third base dugout will be occupied by the first team to bat and the infield. The first base dugout will be occupied by the team that starts in the outfield the first inning. For safety reasons no children, scooters or bicycles are allowed in the dugout areas.

5. 1 Ball – 1 Strike Count: All batters begin with a 1 ball and 1 strike count. Foul balls are counted as strikes. A batter is allowed one extra foul ball, if the third strike is a foul ball. The next batted ball must be fair or the batter is out.

6. Game Balls: (a) Game balls will be provided by the Clinton Recreation Department. The team batting is responsible for retrieving all balls going out of play, including home run balls. The next at bat will not start until all balls have been returned to the Umpire. Game time will continue to run until fouled/homerun balls are returned to the Umpire. (b) A 12" .52/300 (Dudley – Thunder HyCon / Champro) will be used.

7. Tie in the Championship Game: If teams are tied at the end of 5 complete innings, in the championship game, the team with the most runs scored to that point in the tournament will receive the higher seed if teams are still tied at that point results will revert to the Tie Breaker Rule.

8. Pitching Restrictions: This is a slow pitch tournament. Pitchers must face home plate when pitching. Once a motion is started towards home plate, the pitch must be delivered. The pitch shall be released at a moderate speed. One foot shall remain in contact with the pitcher's plate until the pitched ball leaves the pitchers hand. The ball must be delivered from the rubber and have a perceptible arc that reaches a height of at least 6 feet from the ground, while not exceeding a maximum height of 10 feet from the ground. No quick pitching is allowed. Both of the batters feet must be in the batter's box before the ball can be pitched.

RULES OF PLAY

- 1. Run Rule:** A 7-run rule per inning will be used. A team will only be allowed 7 runs in any given inning. Once the 7th run crosses the plate, the play is done and the teams will rotate positions. (Exception: The Championship game will have no run rule restrictions).
- 2. Slide Rule:** If there is a play at the base and/or plate, the offensive player/runner should avoid contact to the best of their ability. Defensive players/basemen may not block their bases if they do not have the ball. If contact is made and could have been avoided, the offensive player/runner will be called out. If the contact is deemed flagrant "take out slide" the runner may be ejected from the game and possibly suspended from the tournament.
- 3. Stealing:** No base stealing is allowed.
- 4. Home Run Rules:** Teams are only allowed 1 home run (untouched, over the fence) per inning. Any home run after that will result in a single. Players that hit a home run must touch all of the bases. The team batting is responsible for retrieving all balls going out of play, including home run balls. If the Recreation Department deems it necessary to change the home run rule, teams will be notified prior to implementing the rule.
- 5. Re-entry Rules:** The Re-entry Rule will apply if teams choose not to bat their entire roster. Any player, starting or a substitute may be withdrawn and re-entered once during the game provided such player occupies the same spot in the batting order. A starting pitcher who is withdrawn can return to the pitching position for the remainder of the game.
- 6. Courtesy Runners:** Courtesy runners are allowed for any player. Any eligible players that may participate on offense or defense are on the official line-up including available substitutes may be used as a courtesy runner. Only two 2 courtesy runners per inning per team are allowed. If a player is injured during the game they need to notify the Umpire they will be using a courtesy runner. If the player is injured prior to the game starting they need to notify the Umpire that they will be using a courtesy runner. The batter must run to first base before the courtesy runner can enter the game. If a courtesy runners turn at bat comes while on base, the player the courtesy runner is running for will be called out.
- 7. Running to first base:** Fields are equipped with two bases at the first base location for safety. If there is a play at first, the runner should run to the outside base, should be orange/dark, unless there is an overthrow, then they may run to the inside/white base. The first baseman and runner should use the base that is safest to use for each play.
- 8. Substituting:** When a team substitutes, they are required to report to the plate Umpire, as they bat. They are not required to report to the plate Umpire when they go into the field defensively.
- 9. Infield Fly:** A fair fly ball, not including a line drive or bunt, which can be caught by an infielder, pitcher or catcher with ordinary effort when first and second or first, second and third bases are occupied with less than two outs. When the Umpire calls "infield fly" the batter is out, regardless of whether the ball is subsequently caught or dropped. The ball is live, and the runners already on base may advance, at their own risk, if the ball is not caught or tag up and advance if it is caught.
- 10. Over-throw:** When an over-throw is made by an infielder or outfielder that goes over the boundary fence or line, the base runner is awarded two bases from the runners position at the time of the throw release (base runner is going to +1 base). All balls inside stationary fence lines are live balls.
- 11. Bat Rule:** All bats shall be free of burs, dents, cracks, sharp edges, rattles and show no signs of excessive wear. The bat may be marked OFFICIAL SOFTBALL by the manufacturer.

All players must drop the bat after they hit the ball. An opposing Team Manager or Umpire can request a bat to be compression tested by the Site Supervisor.

12. Batting: If a runner is on base when their time at bat comes up, and they are not a courtesy runner, the team will not be penalized. The runner will take their turn at bat, the player who got out last will move to the base occupied by the player up to bat.
