

### Requests for Game Reschedule:

1. Contact opposing coach. Their contact info can be found by clicking their name on the on-line schedule.
2. Pick a time that works for both of you, preferably a day when other games are going on (this will help control referee costs).
3. Send request to [Scheduler@Decaturyouthsoccer.com](mailto:Scheduler@Decaturyouthsoccer.com), and copy your opposing coach also.
4. You will typically have confirmation within at least 24 hrs.

\*Don't forget that some parents coach more than one team, and moving one game can have an impact on several other aspects.

### Practice Info:

U5 & U6 are recommended to practice up to 2 hours per week. You have the choice of practice days--Tuesday, Thursday, or Saturday--when games are not being held. Fields are shared with 2 teams per full field, allowing at least half a field per team.

U8, U10, & U13 are recommended to practice up to 3 hours per week. You have the choice of practice days--Tuesday, Thursday, or Saturday--when games are not being held. Fields are shared with 2 teams per full field, allowing at least half a field per team.

### Rain Outs:

Practices and Games will continue in the rain. In the event of thunder and lightning, we will make a decision at the earliest possibility. My goal is to have a decision by 4:30 at the latest. We will send out a RainedOut alert to inform the league of cancellations. (text **DecaturSoccer** to 84483 to sign up). Most of the time the decision will come from Decatur Parks and Recreation based on field conditions.

Decatur Parks and Recreation **is the final authority** on whether fields must be closed due to field conditions and reserves the right to limit or disallow field usage by a person, team, league, or organization based on field conditions, behavior, disciplinary reasons, or other concerns.
