

OPA GUIDELINES

- 1) Temperatures will be taken for all people entering the building.
- 2) Masks are required for all adults.
- 3) Spectators: Per Gov Stitt's order, we are limiting spectators to 4/player. A spectator is any person 5 or older. 4 and younger do not count as a spectator.
- 4) Coaches and players will be allowed in the building up to 30 minutes prior to the game. There will be a room for each team to gather in until they are allowed in the gym to warm up. No parents/other spectators will be allowed to enter until the previous game has ended and all the previous game's spectators have exited. We will allow one parent/team to help get the players from their parents at the building door to the room where the team and coach have gathered.
- 5) Please enter the gym using the south gym doors (doors near the player benches).
- 6) Immediately following the game, please exit the gym using the north gym doors (doors near the spectator area) and continue out of the building using the side doors near the main entry, but NOT the main entry doors.
