 - If a game is tied at the end of a regulation game, the game will continue into extra innings and the international rule will be in effect.

 - The home team will then place one runner (the last recorded out) on second base and bat until three outs or the run limit is reached.
 - If at the end of that inning, the score is tied, we will use the international tie breaker rule for all extra innings. A runner (last completed at bat) is placed on second base and each team will bat until 3 outs are recorded or the run limit per inning is reached.
 - If a game requires a third extra inning, runners will be placed on second and third base (last two completed at bats) for this and all additional extra innings and teams will bat until 3 outs are recorded or the run limit per inning is reached.
- Time outs:
 - One time out (offensive or defensive) is permitted per team each half inning.
 - Time outs will not be charged when tending to an injured player.
 - Additional time outs may be used for substitution purposes only.
 - Defensive: A team's first time out may be used to confer with their team without having to remove their pitcher. After this timeout is used, an additional time out requires that the pitcher is substituted for.
