Tryouts are the week before Thanksgiving break with practices starting in December and games in January. The season typically ends in early March.

### 5. When are practices?

League sponsored practice day(s) and time(s) are set by the league and are one day per week, 1.5 hours long at one of the elementary school gyms. Practices will not be held on campuses on days there is no school or early release. If we do not have school, we can not practice on site.

Teams are allowed to practice outside of their regularly scheduled time, but it will need to be at an alternate location to be managed by the coach (players cannot be punished for missing any non-league sponsored practices). If players are missing on campus practice regularly, the coach has the discretion to take away playing time during games but must inform the board member.

Games will be played on Saturdays. Typically, the younger kids play earlier in the day. The week before championship Saturday, playoff games will be played during the week.

### 7. What jersey color should my player wear for games?

The HOME team is WHITE and the VISITOR team is RED. Players will have reversible jerseys.
