2. Duration: Starting the games on time is the responsibility of the umpire and the coaches. A regulation Bronco game shall consist of not more than seven (7) innings. In the event of a tie after seven innings, extra innings may be played – weather, daylight and time permitting.
3. Time Limit:
 - a. There is 2 hour time limit beginning from the scheduled start of the game. A new inning may not begin after the 1 hour and 50 minute point from the start of the game.
4. Suspended / Called & Tie Games:
 - a. If a game is called (weather, etc.), the game is complete, or considered an official game, if the losing team has had at least four (4) innings at bat. If the losing team has not had four (4) innings at bat, the game shall be started where it was called, only if a minimum of (2) innings has been played. If a game is called and none of these criteria are met, the game shall be replayed from the beginning, as a new game.
 - b. For replayed games, players not present at the initial playing of the game, but who are present at the make-up game, must be placed at the end of the batting order. If a player is not present at the make-up game, but was present at the original game, his/her name will be deleted from the batting order, with all players moving up to fill in the missing player's batting order.
 - c. Regular Season games may end in a Tie.
 - d. Any PLAYOFF game may not end in a tie. If darkness, weather or a scheduled game following prevents completion of the game, the game will be completed on the next available day.
5. Weather Conditions:
 - a. Individual programs will utilize their own game cancellation policy but will ensure that the visiting team is notified at least 120 minutes prior to game time via email or by phone. This time frame may be weather dependent.
 - b. At the game/field, the coaches shall decide whether a game shall be started due to weather conditions. The scheduled plate umpire is the field supervisor and shall make the call if he or she determines the situation is too dangerous.
6. Umpires: The umpires shall have the only voice in interrupting play once a game has begun. Time out requested by a coach or player is subject to approval of either umpire.
7. Slaughter / Mercy Rule: Shall be 12 runs after 4 innings and 10 runs after 5 innings.
8. Behind the Backstop: No players or parents are allowed behind the backstop at any time during the game or between innings. The coaches and umpire should assist in clearing the area behind the backstop.

Section C – Coach's Responsibilities

1. Dugout: When a team is at bat, ALL players must be behind the dugout fence, except for the next two batters and a pitcher/catcher that need to warm-up for the next inning. To avoid injury to a fielder fielding a foul-ball, equipment should be behind the fence or in the dugout.
2. Foul-balls: When a ball is hit in foul territory, but in the playable area, any spectator, coach, or other player not playing in the field may not attempt to catch the ball. The hit ball is considered live and in play and THE BATTER IS CALLED OUT if interference is involved.

3. Listed Coaches:

- a. During any game, LISTED COACHES ONLY or coaches designated as such to the plate umpire prior to the game are allowed on the playing field area. Everyone else is required to be behind the player's bench or in the bleachers. Spectators, including family members and friends, and non-players are NOT to be around the coaches, players, or the bench. Non-coaches keeping the scorebook should be behind the player's bench or in the bleachers. Coaches must reinforce this rule for safety and to keep the game a structured, learning environment.
- b. The coaches from both teams are required to review any ground rules with the umpire(s) prior to the start of the game.
- c. The coaches must encourage players to "hustle" on and off the field to allow the game to keep a steady pace and provide an opportunity to complete the game.

- c. *Coaches Visits to the Mound:* A coach may visit his pitcher, catcher and one infielder on the mound one time an inning. The pitcher, catcher and one infielder are the only three players that the coach may call into the meeting on the mound. The second time the coach visits the same pitcher on the mound in the same inning he must remove his pitcher. The only exceptions to this rule are in the case of any injury, or if time out is called by the opposing team or by the umpire.
- d. *Types of Pitches:* Fast balls and change-ups are the only pitches that may be thrown. No pitches that cause a twisting and or turning of the arm are allowed. NO CURVEBALLS.

- i. *Warm-up Catcher:* Any player warming up the pitcher before or during the game must wear a catcher's mask and helmet.

- k. *Travel Players at Pitcher Position:* Any Travel Player playing in the Bronco league may pitch up to 1 full inning a game (max 3 outs). If a Travel player enters a game in the middle of an inning (1 or 2 Outs), that will be declared their inning of work for the game and they will not be able to pitch a max of 3 outs. Teams may only pitch 2 Travel players per game. Any and ALL Travel players must be distinctly marked on a Team's roster which will be distributed to all teams in the league.
- l. If a Travel Player chooses to pitch with their off arm or bat on their weak side, they will be treated like a House Player for those innings or instances, and all normal NSYBL House Rules will apply. Once these players play on their normal strong sides (hitting and/or pitching), Travel Player Rule (k) will apply. However, a player in this situation may not go back and forth during the course of the game. This situation, even if only potential, must be discussed at the pregame meeting with the Umpire and opposing Coaches.

2. **Batting:**

- a. *Continuous Batting Order:* Continuous batting order is used and once the game has begun the batting order may not be changed, unless due to an injury. Any player that is late will bat last in the order. Any batter that leaves a game early or gets hurt will force all batters after to move up a spot. All players who are present at the game will bat in continuous order, regardless of whether the batter sat out fielding the last half-inning. Coaches are encouraged to change their batting order every game in order to give all players the opportunity to gain a feeling of success and high self-esteem. During the end of the season tournament, a coach may set his continuous batting order as he/she sees fit.
- b. *Drop Third Strike:* The dropped third strike by the catcher rule will be in effect all Season.

- b. *Positions:* Coaches must give every player an equal opportunity to play every position that the player wishes to try. Rotate the positions through the course of the season so that every child can gain a positive feeling of accomplishment;
- c. *Players on the Field:* The field consists of nine players-six infielders and three outfielders. The three outfielders must play on the outfield grass. With the exception of pitchers, players may enter or re-enter the game defensively only at the half inning when their team is taking the field (or at any time if due to an injury).
- d. *Infield Fly Rule:* If there are runners on first and second or the bases loaded with less than two outs and the batter hits a fly ball in fair territory such that the infielder can make a routine catch in the judgment of the umpire, the umpire will call the batter automatically out and the runners may advance at their own risk, but must wait until the baseball is touched by the fielder before they can leave the base to risk advancement.

Section E – Base-Running, Stealing, Lead offs, Overthrows, Dropped 3rd Strike

Then, the same will apply if a team is winning by 10 runs or more after 5 innings of play.
3. **Sliding:** All base runners must slide directly toward the base they are going to or make an effort to avoid any contact with a fielder while still running in the base line. In the judgment of the umpire, any base runner that makes illegal contact with the fielder causing the fielder to drop or misplay the baseball will result in the base runner being called out. If the base runner intentionally attempts to run into a fielder, the umpire will immediately call the play dead, call the runner out, send all other base runners back to the nearest base and eject the player that made the flagrant contact from the game;
4. **Fake Tagging:** The fielding team cannot in any way deceive the base runner by making a fake tag or telling the runner what to do on the base paths. If the fielder attempts to deceive the base runner in any way the runner will be awarded an extra base which would force all other runners to move up a base if the situation warrants it. After the first offense by any fielder in the game the umpire will give a verbal warning to both teams. If either team does it a second time in the game, the player that attempts to deceive the runner will be thrown out of the game;
5. **Pinch Running:** Pinch running for the catcher will be allowed with two outs, lasted batted out will run. All players must run the bases for themselves. Exception, if a player is physically hurt, a pinch runner may be used. The player who made the last out shall be the pinch runner. If the injured player misses his next at bat, he may not play the remainder of the game;
6. **Overthrows by Fielders on Batted Balls:** If a batted baseball is overthrown from an infielder or outfielder to any base and the ball goes out of play, all base runners get the base they were going to plus one (from the time the ball was thrown). If the baseball is overthrown from an infielder or outfielder to any base and the ball stays in play, all base runners may advance as many bases as they risk; and,

7. **Base-runner Substitution:** In the event a substitution must be made for a runner, his/her replacement must be the last member of their team to have made an out in that game. If there has been no previous outs made by his/her team in that game, the replacement runner must be the last player in the batting order.

Section F – Drafting Substitutes

Eight (8) players from your original roster constitute a starting team in Bronco. You must have at least the above amount to start a game. If a team would like to draft a player to make nine (9) players, the Coach may ONLY draft a player from Mustang level to participate in that game. If this occurs, the Coach of the team who drafted a substitute MUST declare that at the pre-game meeting. A Coach may not draft additional players to exceed a nine-player roster. When a player is activated for a regular season game, the player must bat at the bottom of the order and must play an outfield position. Under NO circumstance can a coach draft any player to participate in a playoff game. A Coach must utilize the roster of available players from their original roster. *NOTE:* Any player who does not participate in 50% of the regular season may not participate in the playoffs. Exceptions to this rule can be brought before the NSYBL Board and its Commissioner.

Section G – General Rules
