Bats:

- Website has guidelines for all personal bats
 - All bats must be stamped 1.2 along with either a USSA or ASA/USA stamp.
 - Contact Mark Pollock or Jan Hangen with questions.
- There will be a Bat Day at the field scheduled for Sept 21. This will be an opportunity to buy/sell/trade any existing bats you may have along with a few vendors with a selection of new bats to purchase. There will be a pitching machine setup for a limited number of swings to try out the bats.
- Working to set up a list of on-line vendors for new bats on the PCSSA website.
- **2023-24 season will be the last season where the league will supply bats.**
