

RRSA Board Meeting Minutes

February 18, 2026

Attendees: Carol Rumberger, Andy Bradshaw, David Ferneding, Joe Wolfinger, Mike Braam, Stacey Ingram, Dan Shanahan

Absent: Neil Spector

Meeting called to order at 7:09

1. Discussed player ratings. Andy went over the 2026 player Excel sheet. He explained that the note section provides extra information to coaches about players' limitations whether it be travel, injury or a move.
2. Discussed Bat rule for 55 and under. Home plate umpires will be reminded to watch for the four players who fall into this category. They will be noted on the line up sheet. Active players affected by Bat Rule will be contacted and provided with a review of the rule by Dan and Andy

Violation (defined as attempting to use, or using a prohibited bat) will result in the player/hitter being called out. Joe and Andy will edit the RRSA Softball rules. Andy will send it out to the board for review. Once approved, Stacey will send out to RRSA members. Andy will partner with Joe to add the Bat Rule to the RRSA Rules of Play and submit to Gary Warrick to upload on Quickscores.

3. To help subs have opportunities to play, they will be informed by Andy of team practices, fly ball practice and pickup games so that coaches can get familiar with their skills and, ideally, choose subs from the sub list rather than from other teams.
4. If a player misses three consecutive games, Coaches have the option to submit a written petition to the commissioner for a player from the sub list to take a permanent spot on their team. Andy to revise the rules for substitutions and submit them to the Board for approval.
5. Andy will send out updated roster to coaches and board. It will not be final as more evaluations are happening this weekend.

Meeting adjourned at 8:28
