- *Interceptions thrown on conversions are now returnable. Defensive team earns the number of points being tried by the offense if they return the conversion all the way back to opposite end zone.*

Possession: Determined by COIN TOSS to start game/OT | Possessions after TD or to start half begin on own 15-yard line | **If taking over on downs inside own 15-yard line, ball will be moved up to the 15 to start new possession.**

Tackle: A “tackle” is made by removing ball carrier’s flag | Player should hold flag up to show official

IN GAME RULES – Penalties

Dead ball: Illegal carry – An act by a rusher in which he/she intentionally fails to avoid defender/contact to gain an advantage. This play shall be whistled dead. No yards shall be penalized.

Sportsmanship Point of Emphasis

NEW in 2024 – Officials and staff will now carry **YELLOW** and **RED** cards.

These cards will be issued for sportsmanship violations only – not for anything regarding the in-game league rules.

YELLOW – 5-yard penalty and loss of down (LOD). If the guilty party is on defense at the time of the infraction, the LOD would occur at the beginning of their next offensive possession.

RED – 15-yard penalty, plus an automatic ejection and suspension of a minimum of one game. Official's discretion may be used as to who is ejected from the game – if the official deems that the coach is responsible for the parent and could/should have diffused the situation, the coach may be ejected as well.

Game officials and site staff both have the authority to issue these cards to players, coaches and spectators.

This is a point of emphasis in an attempt to improve the quality of sportsmanship in our league and its recreational environment.

Reminder: Refunds are not issued as a result of missed games stemming from sportsmanship violations.
