Random Draw Social Tennis League: Open to all playing levels, but primarily for lower to mid-level players (2.5 to 3.5 in USTA rating terms). This league is for recreational fun and social purposes! It is a great way for new players to work up a sweat and meet fellow community members with the similar interest in tennis! Players will be randomly paired with a different partner each week. Doubles teams will change each week and may be two men, two women, or mixed teams depending on the week. Please check Quickscores (www.quickscores.com) each week to find your partner!

Please indicate the days that you are available to play or substitute on the registration form. Every attempt will be made to accommodate schedule difficulties. Please note dates you are not available to play. Players not available will be subsequently rotated or eventually placed on the substitute list.

** Doubles players – all efforts will be made to try to form different levels of play. However, if there are not enough players to make separate divisions it may become a round-robin style. **
