

Cross Country Ski

2018 Corporate Games Event

The 2018 Winter Corporate Games Cross Country Ski Event will be held at
Solitude Mountain Resort
on their beautifully groomed Nordic trail system.

How It Works

- ◆ This is a coed event with at least one male and one female per team. Each team consists of 4-5 skiers with at least one (no more than two) in each classification (Beginner, Intermediate, Pro).
- ◆ The race will be classical with no skating or tracking allowed. Course is between 1-5 miles.
- ◆ The final course route will be determined once there is adequate snowpack at the resort.
- ◆ The total score of team's top four racers (with at least one female and one male score) will determine overall team score and placement.
- ◆ All participants are required to bring their own equipment, or equipment may be rented at Solitude. Please contact Solitude directly for pricing and availability.
- ◆ For other questions, please contact Corporate Games staff at corporategames@slco.org
