

Due to the current Covid-19 health crisis along with the Governors Safer-at-Home order SYA and The City of Springville will cancel spring sports for the 2020 season. This includes both baseball and softball. The Health and Safety of our citizens continue to be our number one concern. With no clear date in sight, we feel this was the best decision.

SYA will refund partial refunds. All players have received uniforms and that cost will be deducted from the registration fee. SYA will cover the expenses that occurred before the season began. You will be receiving an e-mail regarding refund information. Please be patient as this is a process and will take time for our volunteer board to handle. We will make every effort to have the refunds issued in a timely manner.

Please understand that we are extremely disappointed and were hopeful to have a spring season. Please keep an eye out for our fall registration dates. It will be here soon and we look forward to seeing you all this fall!
