2021 Recreational Basketball Health & Safety Campus Protocols

We are excited to have you as our guest for Wade Hampton Church League games. While on our campus we ask you follow these guidelines:

- ❖ Please enter through the Gym Lobby doors only. Doors open 10 minutes prior to game time. Hand sanitizers are available for all guests, please use upon entering.
- ❖ Face coverings are required for all spectators upon entry at games and continuously while inside our facilities.
- ❖ Spectators are expected to social distance while inside facilities; home and guest seating sections will be identified by signage above the bleachers.
- ❖ The church reserves the right to determine full seating capacity or if social distancing is not appropriately maintained. Spectators may be asked to move to comply with social distancing protocols.
- ❖ Spectators are to remain seated during the games, unless using the restroom. All non-playing children are to remain in close proximity to parents.
- ❖ Restrooms are available inside the Athletic Center; we limit restroom capacity of no more than 4 people at a time. Please wait outside if the restroom is full.
- ❖ There will be no concessions at the games. No food will be permitted inside the gym; drinks with lids are allowed. Bottle water filler stations are available for refilling personal water bottles; water fountains are not available.
- ❖ Spectators will not be allowed on the court following games. Please exit the gym immediately after the game so we can sanitize before the next game.

Basketball Warm-ups & Games

- ❖ Face coverings are required for all coaches and players upon entry and exit from the facility, not during games. Please social distance when in team huddles or along team bench areas.
- ❖ Warm-up basketballs will not be provided; coaches need to bring team warm-up balls and secure during games. Coaches are responsible for sanitizing warm-up balls.
- ❖ Hand sanitizers will be available at the scorer's table for referees, coaches, and athletes use; please sanitize hands prior to start of game and upon entering the game.
- ❖ Players chairs will be in alternating row (checkerboard) pattern to provide social distancing between players when in the bench area.
- ❖ Coaches, please take players outside of the gym for post-game talks; then take players to parents outside of the facility afterwards.
