Mission Statement

Junior Baseball Organization Inc. is an Oregon non-profit corporation that exists to provide young boys and girls an opportunity to participate in an organized baseball experience. It is the goal of Junior Baseball to provide each child, regardless of skill level, an opportunity to compete in baseball against other players of equal skill and grade. We will purposefully aid in each athlete's development of positive character traits and values that will foster success throughout their lifetime. We will coach skills, mental and physical growth, a respect for the rules of the game, and essential principles of sportsmanship, safety, and fair play.

Junior Baseball is devoted to creating an environment where coaches, parents, fans, umpires, and athletes work together to accomplish our mission.

Motto

Let us not forget that the true value of the program is not in winning games, but in keeping as many youths as possible engaged in a clean, wholesome activity. There are many valuable lessons to be learned in a program such as this...far beyond the scope of baseball.

HISTORY

Junior Baseball Organization, Inc (JBO) got its start about 1948 when Frank Bashor got together a six-team league of 11-12 year olds from the Metropolitan area. In 1951, the program became known as the Baseball Association of Oregon and continued to grow in the Portland fringe areas. By the late 50's, the essence of Junior Baseball of Oregon was developed by Frank Bashor. This early program revolved around today's Federal level and expanded to include ages 9 through 16.

After Frank Bashor's death, Dean Gray, who worked for Frank, continued the program. In 1965, the Cubs program was merged with the Oregon Junior Baseball Association, a more statewide organization extending from Medford to Portland. By the late 60's the Midget, Junior and Senior programs had grown to 350 teams in four districts (Tri-County, mainly the eastern Multnomah county region; Clackamas county; Washington County; and West Hills). Throughout the '70's and '80's the program continued to expand and included areas outside the Metro area (LaGrande, Tillamook and Corvallis).

In 1975, Junior Baseball of Oregon formalized as we know it today, with the publication of the first "Baseball Association of Oregon Handbook". In 1977, the name officially became "Junior Baseball Association of Oregon". In 1987, the first State Tournaments were held for the American and National levels. Also in 1987, the Cubs program was revived to provide more opportunities for 15 and 16 year olds to continue playing organized baseball. In 1998 the name was shortened to "Junior Baseball of Oregon". By 1999, Junior Baseball had grown to 484 teams from Roseburg to Portland, and Tillamook to Bend. The State Tournaments at the National and American levels were expanded to twelve teams.

Today, Junior Baseball Organization, Inc. continues Frank Bashor's intention to provide a framework for youth to develop and refine their basic baseball skills within a team-oriented environment. The program stresses continuity in age grouping for boys and girls in grades 3 through 8, continuity in progression of age development and playing distances, competition at equal levels of ability, and emphasis on the complete game of baseball (leading off, stealing, etc.). The program revolves around local associations creating a local program for local needs within the framework of a baseball program. And best of all, when it comes to play-off time, a team goes as a unit, without the heartbreaking, and sometimes unjust, all-star selection process.

This tradition is continued today through JBO's name change to Junior Baseball Organization and Junior Baseball's ability to expand to areas throughout the State of Oregon to further bring the JBO program to youth in grades 3 through 8.

In 2019, in order to be thoughtful to our community, the JBO Board changed the name of the Midget Division to the Minor Division.

ADMINISTRATION

Junior Baseball Organization, Inc. (JBO) has as its general administrators a JBO President, Vice President, Secretary, Treasurer, Marketing Manager, Webmaster, and two District Commissioners from each district.

It will be the responsibility of each District Commissioner to act as liaison between the Junior Baseball Organization, Inc. and their respective district. Each commissioner will have the responsibility to verify that their district is in compliance with JBO Rules. Any request for variances from JBO Rules at the district level must be approved by a majority vote of the JBO Board.

All questions and/or problems must be directed to the area president, who will bring the situation to the District Commissioners for a ruling if needed. The District Commissioners have final authority to rule on points not covered in this rulebook.

LIABILITY FOR INJURIES

All teams must carry accident and liability insurance. A copy of the Certificate of Insurance and the association's Application for Participation must be submitted to the JBO Secretary. Associations must provide a Certificate of Insurance which lists as an "Additional Insured" or "Certificate Holder" Junior Baseball Organization, Inc., including JBO's mailing address, P.O. Box 784, Sherwood, OR, 97140. The Certificate must also include the local association's name as it appears on their Application for Participation. Cities, Park and Recreation Commissions, School Districts, Junior Baseball Organization, Inc., JBO board members, and team sponsors or their agents, representatives or employees will not be liable for injury to a player that occurs in District or JBO State Tournament Play.

RULES AND REGULATIONS

Junior Baseball Organization, Inc. will be governed by the NFHS (National Federation of High School Associations) RULEBOOK as amended by the OSAA, except as otherwise indicated in this handbook. These rules will be in effect for League, District and JBO State Tournament games, unless otherwise specified.

Oregon Senate Bill 721 - requires all coaches be trained to identify concussions in players. This is an online or in-class certification. Certificate of completion of a course must be submitted by each coach with the team Application and signed Code of Conduct before the start of the season. At least one trained adult must be present at all practices and games in order to hold any activity.

Junior Baseball Organization, Inc. – requires that, prior to participating in any “JBO Inc.” sanctioned event, all adults, those persons in any way assisting, volunteering and in direct contact with the players, including but not limited to coaches, assistant coaches, umpires or similar positions, must pass a comprehensive criminal background screening. This screening will determine any previous convictions involving the use, possession, or sale of a controlled substance within the last 10 years; a crime involving the use, or threatened use, of

violence, or a crime involving a minor child at any time. The cost of this screening will be paid by the Association. Comprehensive Criminal Background Checks will be annual. The records will be maintained by the local Association. JBO Inc. retains the right to inspect the records for any team or umpire at any time, including those qualifying for post-season play. Junior Baseball Organization, Inc. requires that all coaches and others involved with JBO teams report suspicions of child abuse to appropriate law enforcement.

I. Team Eligibility

- A. Any Association intending to participate in the Junior Baseball program must have an approved "Application for Participation" and "Certificate of Insurance" received by and on file with the JBO Secretary no later than April 1 of each calendar year. If after April 1st an Association's Insurance is set to expire during the season, the new and valid Certificate of Insurance must be received by the JBO secretary prior to the expiration date. After April 1st, Districts will be fined \$50/week (or parts thereof) for each Association that is non-compliant, with a cap of \$250 per Association. Once the \$250 cap is reached, that Association is suspended and not eligible to participate in JBO for the season.
- B. Any new or existing Association can request to be placed in a certain District, but it is the JBO Board who has sole authority to place a new or requesting Association in the District they determine. In order for an existing Association to switch Districts, they must follow these steps:
 - 1. Communicate with current District in an attempt to solve any issues.
 - 2. Should the Association bypass their current District, the JBO Board will automatically refer them back to their District.
 - 3. If after conversing with their District the Association still requests to move, only then can their District contact the new District.
 - 4. Once the Districts communicate regarding the move, the new District can contact the requesting Association.
- C. Minimum number of players on each team roster is 11. In addition, teams entering JBO State Tournament play must bring a roster with 11 eligible players that have played 50% of the league games or provide the appropriate "Player/Team Waiver Form" (see Section III for additional information). All Federal teams will have a legal 11-player roster. There will be no waivers for less than an 11-player roster given at the Federal level of play.
- D. Any team at any level may have no more than three waived players on the roster.

- E. Each team accepted for participation in Junior Baseball must file a completed team roster form (as posted on the JBO website) and any waivers, report cards, and all verification paperwork, to their District Commissioners no later than their first league game. The Commissioners will then verify all rosters and paperwork and submit them to the **JBO dropbox** no later than May 25th. Any District not submitting rosters and paperwork by the deadline will be fined \$50/team, and team will not be allowed in post-season play. Additions to team rosters after their first league game will only be allowed prior to completing 50% of the team's League games. Players may not move between team rosters in their Association without a "Player/Team Waiver Form" (see Section III for additional information), signed by the District Commissioners. Players who acquire a signed Player/Team Waiver Form to move between team rosters may only do so once per year. All players are still subject to the "player eligibility" requirements in order to participate in the JBO State Tournament (see Section II.K for additional information). Players added after 50% of the team's league games will require a "Player/Team Waiver Form" signed by the District Commissioners. Player will be considered an eligible player for the remainder of the season; however, the team is no longer eligible for any post-season play. Not subject to Appeal. A revised Team Roster with any appropriate waivers must be submitted to the **JBO dropbox** before additions are eligible to participate.
- F. The team fee will be **\$70** per team and must be submitted by each District to the JBO Treasurer by June 1st of each calendar year.
- G. The penalty for a team's failure to meet the above registration requirements shall be an appropriate fine (see A and E above), and/or suspension from post-season play.
- H. Associations or teams made up entirely of players attending a single private school will be allowed with proof of enrollment for each player.
- I. JBO, Inc. will verify rosters and paperwork of ALL teams qualifying for post-season play. Any District who submits a qualifying team with a roster or paperwork that is incomplete or cannot be verified will be fined the following:
After being notified by JBO of the incomplete roster, the District will have until 5pm on the Monday prior to the beginning of State Tournament to submit a completed roster to JBO. If not received, the District will be fined \$50 and have until 5pm on Tuesday to submit a completed roster. If it is still not submitted, the team involved will be disqualified from State tournament and a replacement team will be secured.

II. Player Eligibility

- A. A youth may not play in more than one Association in Junior Baseball in any one year unless his family moves and becomes bona fide residents of that Association.

- B. A waiver is required for a player who elects to play in an Association other than the one in which they reside.
- C. Approval of the player waiver must be obtained from the Association the player resides in, the requesting Association, and the District Commissioners. If the waiver request is denied, an appeal can be made to **the District Commissioners "in writing"** for a **final** ruling.
- D. **A waiver is required for a player who elects to play in an Association outside of their District. Approval of the player waiver must be obtained from the Association the player resides in, the District Commissioners from which the player resides, the requesting Association, and the requesting District Commissioners. If the waiver request is denied, an appeal can be filed with the JBO Board "in writing" for a ruling.**
- E. **Cross District Transfer: Player's family can submit an application for a cross district transfer, and if they do, they will have to complete the necessary paperwork (form in draft status). The transfer is permanent for the remainder of the player's eligibility in JBO. The transfer removes the requirement for a waiver for that and each subsequent season of play.**
- F. If a player is found to be playing outside of the Association in which she/he resides and a completed waiver form is not on file with the team roster, the player will be declared ineligible and all games in which she/he has played in will be forfeited. The player will be eligible as soon as the waiver form is signed by both Associations, District Commissioner, and is on file with the JBO Secretary.
- G. Any player not residing within the boundaries of a current Junior Baseball Association must play in the Association closest to their residence without a waiver.
- H. If an Association does not field a Federal team, players in that Association may play in any Association that borders their resident Association, and within the player's District of residence, at the Federal level without a waiver, providing that team still consists of a minimum of 50% eligible players from within their Association boundaries.
- I. A player's Association of residence is determined by his/her legal home street address.
- J. A player who is attending an out of district school is allowed to play JBO baseball in the Association which encompasses the attended school, without a waiver. Proof of enrollment is required: current year report card or copy of their school ID card. This must be submitted with the team roster as verification of eligibility.
- K. If a team has won a game using an ineligible player, the game is to be forfeited to the opposing team, except that an illegal substitution shall not be grounds for forfeiture.
- L. When players are being "benched" for disciplinary reasons, the opposing coach and the umpire must be notified prior to the start of the game.

- M. Any player on a team roster must have played in at least 50% of the team's League games in order to participate in the JBO State Tournament. Submit excuses to the appropriate District Commissioner to have approved by the JBO Board at the JBO State Tournament Meeting. Exception: Illness or injury excused in writing by the player's doctor, submitted to and approved by the appropriate District Commissioner on the appropriate "Player/Team Waiver Form".
- N. Any player may go to a bordering association as long as their home association cannot provide services. This means if a program does not have enough players to field a team, those unserviceable players may go to a bordering association without a waiver, becoming a resident of that association for the season. It must be verified that the home association cannot service the child, but it will not count against the 3-waiver rule, as the player does not require a waiver to go to a bordering association that can provide a team to play on. Verification must be submitted with the team roster.

III. Waiver Policy

- A. There are occasions when a waiver will be required to meet standards set forth in this rulebook. Waivers require District Commissioner approval and must be submitted to the JBO Board. You may obtain a Player/Team Waiver Form by contacting your District Commissioner.
- B. If an Association cuts players from a certain division and skill level, then that Association cannot have any waived-in players at that same division and skill level.
- C. The player/team waiver form must be completed and approved by the appropriate individual(s) for the following, but not limited to:
 - a) Medical release,
 - b) Team roster not meeting the rulebook requirements,
 - c) Player moves between teams,
 - d) Playing outside of Association of residence,
 - e) Below an 11-man roster,
 - f) Release from participation in an Association,
 - g) Any other condition where the player or team does not comply with the rules as set forth in this rulebook.
- D. The Player/Team Waiver Form will be in effect for the current baseball season only.
- E. Teams are allowed a maximum of three waived players on their roster.
- F. All waiver forms must be attached to the team's roster when submitted to **the JBO dropbox.**

IV. Unsportsmanlike Conduct

- A. If a player/coach is ejected by an official for unsportsmanlike conduct, the incident must be reported to the District Commissioner and JBO President prior to the player's/coach's next contest.

- B. Ejected coaches or spectators must leave the contest immediately, must NOT be seen or heard, and shall not be allowed further contact with team members for the duration of the contest. Ejected players must remain on the bench for the duration of that contest.
- C. It is the responsibility of the Association to ensure the District Commissioners and the JBO President are notified and ejected player/coach is disallowed from participating in the next contest. Players must attend the contest to serve the penalty. If the player does not attend the next applicable contest, the suspension will continue to apply until the player has attended and been benched for the entire contest. Should an ejected player/coach participate at the next scheduled contest, that action shall be considered use of an ineligible participant and result in forfeiture of that contest. A second ejection for an unsportsmanlike act will result in a two-game suspension. A third ejection for an unsportsmanlike act will result in disqualification from further participation in JBO, Inc.
- D. Physical contact between a player, coach, spectator, and/or an official is a gross act of unsportsmanlike conduct. The offending player, coach, and/or spectator is immediately ejected and is suspended for a minimum of two contests. Both associations shall notify the District Commissioners and JBO President within 48 hours of the end of the contest.
- E. A player or coach who has been ejected because of unsportsmanlike conduct may be subject to further disciplinary action by the Association, Commissioners and/or JBO Board.
- F. Any coach who is ejected from two games at any point during a season will be ineligible to participate in the District or JBO State Tournament games. This includes, but is not limited to, pre-season, league, tournament, non-JBO sanctioned games, or any other game not listed herein. If the Association of the ejected player/coach agrees that an ejection is unjustified, the Association may appeal in writing to the District Commissioners and JBO President within 48 hours of the end of the contest to have the ejection removed from the player's/coach's record for determining eligibility to participate in the JBO State Tournament only.
- G. The player/coach must always serve the suspension required.

V. Field Decorum and Conditions

- A. Player's benches are reserved for players, coaches and scorekeeper, and it is the duty of the officials to enforce this rule.
- B. No player, coach, fan or parent shall delay a game by unnecessary bickering or use of abusive and/or profane language.
- C. No use of tobacco products, e-cigarettes, alcohol or drugs will be tolerated by any coach, player, fan, parent or umpire during games on the field.
- D. The home team has the responsibility to maintain the field in a safe playing condition. The umpire is to declare the field safe for play after inspection of potential hazards, including but not limited to the following: home plate level with playing surface, bases tied down, absence of holes on the playing surface, absence of debris and large rocks on the field, and adequate

lighting. If an umpire declares a field unsafe for play for other than weather related circumstances, the game will be rescheduled by the visiting team on a date at their discretion when that field, or an alternative neutral field, will be available. If the home team cannot play on the date and time selected, then the visiting team may appeal to the District to establish a date on which the game can be played before the last League game.

- E. The head coach is responsible for the conduct of his/her players, assistant coaches, parents and fans at all times.
- F. Thunder and Lightning--JBO follows the NFHS guidelines which state that when thunder is heard or lightning is seen, suspend play and take shelter. Wait 30 minutes from when there was last thunder or lightning. Any subsequent thunder or lightning resets the clock at 30 minutes.

VI. Leagues

- A. Leagues are made up of teams of somewhat equal strength and ability. The skill levels are known as Federal, American and National, in descending order of skill. The District Commissioners have the authority to reclassify any team up a skill level by no later than the midpoint of the team's original league schedule. (see letter G. next page)
- B. If a team is moved from one skill level to another, their eligibility for District or JBO Tournament play will be determined by the win/loss percentage from the time they were moved, to the last game of the league schedule.
- C. To determine a team's skill level of play in a League, each Association will hold a skill evaluation prior to forming teams. Based on the evaluation, a youth will be placed on a team with players of similar skill and grade.
- D. For the purposes of determining Team requirements, use the following matrix for the appropriate Level (This rule is NOT subject to a waiver):

ALL DIVISIONS

6A/5A High Schools			
#	Federal	American	National
1	1 (6A)	1 (5A)	
2	1 (6A)	1 (5A)	1 (6A/5A)
3	1-6A/5A	1(6A)	1(6A) 2(5A)
4	1	1	2
5	1	2	2
6	1	2	3
7	1	2	4
8	1	3	4
9	1	3	5
10	2	3	5

4A/3A/2A/1A High Schools			
#	Federal	American	National
1		1 (4A)	1 (3A)
2		1	1
3		1	2
4	1		3
5	1	1	3
6	1	2	3
7	1	2	4
8	1	3	4
9	1	3	5
10	2	3	5

- E. For Associations not directly affiliated with a high school, classification will be determined by the high school(s) their program will feed into. If the program feeds into multiple high schools or multiple associations feeding into one high school, the District Commissioners will determine the appropriate classifications.
- F. Associations may apply to change their matrix classification if they cannot compete at their high school classification. Associations must fill out both the reclassification section of the JBO Application for Participation and the JBO Reclassification Form, and get approval from their District board. Once approved, the District will file the request with the JBO board no later than April 1st. The Association will develop their teams in accordance to the new matrix classification for no more than 2 years. After 2 years, the Association must follow the matrix or reapply and be re-evaluated. The District and/or JBO Board reserves the right to move the Association back to their high school classification if the Association shows it can compete at that classification.
- G. District Commissioners may move a team up a level at any point prior to completing fifty percent (50%) of the team's league games. However, a District Commissioner may not waive a team down in the Matrix. If a team wants to move down, they forego any post-season play.
- H. If a team decides not to follow the above rule, then that team and any team affected by the move is ineligible for postseason play (District and JBO). All other teams playing by the matrix are eligible for post-season. Ex. 1 A 5A school has 4 teams in a division. Matrix requires 1 Fed, 1 Amer, 2 Nat. Instead they fill 2 Amer and 2 Nat teams. Both American teams are not eligible for post-season, while the 2 National teams are not affected. Ex. 2 A 5A school has 4 teams in a division. Matrix requires 1 Fed, 1 Amer, 2 Nat. Instead, they fill 1 Amer and 3 Nat; all teams are ineligible.
- I. If an Association is unwilling to play by the matrix or complete the reclassification section of the JBO Application and get District approval, yet still wants to play below the matrix then they forego post-season play (District and JBO). **The District has the ultimate authority on what level to place the team at for regular league play.**

VII. Length of Season

- A. District Tournaments and/or League play will be completed prior to the JBO State Tournament games.
- B. The Junior Baseball Organization, Inc. State Tournaments will be held no later than the first full week in August.

VIII. Game Playing Regulations

- A. All games are to be played on dates and times as specified in the league schedules, unless a mutually agreed upon change is made 24 hours prior to the scheduled time and date. Teams will be allowed 15 minutes to field a team of nine players prior to the declaration of a forfeit.

- B. For National level, a team can start with eight players. Each time the ninth spot comes up at bat, an out is given. If the line-up drops below eight, the game will be a forfeit.
- C. A player arriving after the game has started will be inserted at the end of the lineup.
- D. The home team is required to furnish two new, good quality leather baseballs for each game.
- E. Each team is permitted 15 minutes infield prior to the start of the game, as long as the game can start on time.
- F. Each team will bat its entire roster.
- G. Uniform shirts will be numbered, with no two alike.
- H. All eligible players must wear their assigned uniform number as it appears on the official team roster.
- I. Junior Baseball Organization, Inc. has adopted the ten-run rule for all levels, The ten-run rule provides that a game will end after five innings for Seniors, four innings for Juniors and Minors, or any inning thereafter, when a team is 10 or more runs behind and has completed its turn at bat. Games called as a result of this rule DO NOT waive the six-defensive out rule.
- J. There shall be free defensive substitutions at all positions, excluding pitchers. Once a pitcher has been removed from the mound during the course of the game, they may not re-enter for any reason as a pitcher for the duration of the game. Each player must play a minimum of six defensive outs. If a player arrives late and is unable to complete his/her defensive outs, they must be inserted immediately and play until the game is completed or they have played their required six defensive outs, should the game go into extra innings.
- K. If a Defensive player is injured, removed from the game and misses a turn at bat, she/he cannot return to the lineup in that game. The injured player's name will be removed from the batting order and the field. All other players continue to bat in the same order.
- L. If a player is injured while on offense, she/he must be replaced by the player furthest from batting that is not on base. This offensive substitute returns to their place in the batting order ceasing the substitute duties. The injured player's name is immediately removed from the batting order and the field.
- M. The only time a player removed from the lineup becomes an out each time at bat, is if the removal leaves the team with eight players. If the lineup drops below eight, then the game will be a forfeit.
- N. NOCSAE batting helmets are to be worn by all batters and runners in all leagues. All catchers must wear NOCSAE standard catcher's head and face protection with full ear and throat protection, body/chest protector that meets the NOCSAE standard (effective Jan 1, 2021), protector cup (male only), and baseball protective shin guards during warm-ups and during games in all leagues. Catchers will follow all high school rules for equipment.
- O. The High School rule requiring an 18-inch circle on the bat is waived.

- P. The high school speed-up rule is waived.
- Q. Designated pinch hitter rule will not be allowed in any Division or League.
- R. The High School rule regarding remaining in their on deck circle is waived. Coaches may direct individual players, or their entire team, to use whichever on deck circle they believe is safest.
- S. All baseball bats in JBO, Inc. will be either “BBCOR”, “BPF 1.15”, “USABaseball” certified, or a wood bat. Umpires are required to perform a pre-game inspection of all equipment, including bats, to ensure proper certification. Use of an illegal/altered bat shall be considered unsportsmanlike conduct and the player and Head Coach shall be ejected from the game. Both the ejected player & coach may be subject to further disciplinary action by the District and JBO, Inc.

To identify JBO sanctioned youth bats, other than a wood bat, look for one of the following stamps on the taper of the bat.

- T. All rainouts or cancellations must be rescheduled within seven days. The home team must offer three possible dates, and the visiting team must accept one or forfeit the game.
- U. For darkness and/or weather, JBO follows the following game ending procedures:
 1. If a legal game is not completed, it is a continuation.
 2. If a legal game is completed but both teams have not had an equal number of complete turns at bat, then the game is a continuation.
 3. If a player was present for the original game but is absent from the continuation game, he is dropped from the original line-up and everyone moves up.
 4. If a player was absent from the original game but is present for the continuation game, he is inserted at the bottom of the original line-up.
 5. In order to pitch in the continuation game, a player must NOT have been removed as pitcher in the original game AND must currently be eligible.

Home book documents the point of interruption in the official scorebook (including inning, score, outs, runners on base, defensive charged outs, etc.)

National level teams also document when the game was interrupted in regards to time limit. Pitch count is reported. Both head coaches sign the scorebook.

- V. For the purposes of time limit, a new inning starts once the third out is made at the end of the previous inning.
- W. If daylight and time allows, extra innings are played. At all skill levels, any completed game ending in a tie will be recorded as a half-game won and half-game loss for both teams.
- X. Cross-District League play will count in League standings.
- Y. Three defensive charged conferences per regular game. An additional charged conference per extra inning will be allowed. There is a limit of one offensive charged conference per inning.
- Z. Umpire certification for league play, uniforms and pay scales will be determined by the district.

IX. JBO LEAGUE PITCHING REGULATIONS, ALL LEVELS

- A. The pitch count is based on pitches thrown for strikes, balls, foul balls, and outs. Warm-up pitches, pick off attempts, ‘no pitch’ call by the umpire do not count towards the pitch count.
- B. A pitcher who throws a warm-up pitch must face one batter.**
- C. The maximum number of pitches is based on the level of play. Specific rest periods are in place when a pitcher reaches specific thresholds of pitches delivered in a day.
- D. There shall be free defensive substitutions at all positions, excluding pitchers. Once a pitcher has been removed from the mound during the course of the game, they may not re-enter for any reason as a pitcher, for the duration of the game.

PITCH COUNT CHART

Divisions	Pitch Count	Days Rest	Pitch Count	Days Rest	Pitch Count	Days Rest	Pitch Count	Days Rest	Max. Per Day
Senior	1-30	0	31-45	1	46-65	2	66+	3	95
Junior	1-25	0	26-40	1	41-60	2	61+	3	85
Minor	1-20	0	21-35	1	36-55	2	56+	3	75

- E. **EXCEPTION #1: A pitcher reaching the maximum daily pitch count limit in the middle of an at bat is allowed to finish that batter without penalty, providing that pitcher is removed before delivering a pitch to another batter.**
- F. **EXAMPLE #1:** if a Senior pitcher pitches 70 pitches on Tuesday, he may not pitch again until Saturday.
- G. **EXAMPLE #2:** if a Minor or Junior pitcher pitches 48 pitches on Monday, he may not pitch again until Thursday.

- J. **MONITORING PROCESS:** each team's scorekeeper or designated official tracks the pitch counts. After each half-inning, the scorekeepers confer with each other. If there is a conflict, home book's count becomes official. It is the head coach's responsibility to know when his/her pitcher needs to be removed. Pitch counts for each pitcher are logged on the game card, which is signed by each coach at the conclusion of the game. Game cards must be submitted by the winning team to the governing District within 24 hours of game completion.
- K. **DAYS OF REST:** 1 calendar day equals 1 day of rest.
- L. **PITCHING RULE FOR A CONTINUATION GAME:** see section VIII Letter U.

STATE TOURNAMENT PITCH COUNT		
LEVEL	DAILY MAX	TOURNAMENT MAX

Condition 1 - A pitcher reaching the daily max will require 2 days of rest.

Condition 2 - A pitcher is allowed to pitch up to the Tournament Max outlined for that age level.

Example 1: At the Senior Level, a pitcher is allowed to throw 125 pitches over the course of the tournament so long as that pitcher has not reached the Daily Max of 95 in any day of the tournament.

d. The maximum number of pitches is based on the level of play.

e. At all divisions of play, a pitcher may pitch in multiple games in the same day provided they are eligible and they do not pitch more than their max per day/tournament.

f. A pitcher reaching the daily max or tournament max pitch count limit in the middle of an at bat is allowed to finish that batter without penalty, providing that pitcher is removed before delivering a pitch to another batter.

If there are 2 Districts with equal number of teams, it will be determined by the JBO board how to proceed.
- C. Final State Tournament seeds will be posted on the website the end of June.

XIII. Archives

Over the past few years Junior Baseball Organization, Inc. has been making a concentrated effort to obtain and document the history of JBO. Through the process, we have been trying to document all aspects of Junior Baseball. However, we still need some assistance. We would like any written documentation on Junior Baseball of Oregon, including but not limited to rulebooks, JBO State tournament programs, etc. specifically we need the 1977, 1979 and 1980 handbooks as well as JBO State tournament winners from 1951 to 1963, plus any other information from 1951 to 1975.

The following information has been comprised from these efforts and is being provided as a way of saying thank you to the many volunteers over the years that helped make Junior Baseball Organization, Inc. into the organization it is today.
